

Form 6: Emergency Contact and Medical Authorization (In-Person Activities)

DRAFT FOR ATTORNEY REVIEW. NOT A FINAL FORM. NOT LEGAL ADVICE.

Document ID: CL-CONSENT-06 · Version 2026.03 (draft) · Governing law: Ohio and applicable federal law

Applies only when your child attends in-person activities. Incorporates Form 00 by reference.

Counsel note: the scope and validity of any delegated emergency-treatment authority for CurioLab's specific venues and staffing is an open legal question. This draft is intentionally narrow and is not a liability waiver.

> Read this first. If your child attends an in-person session, we need to know how to reach you and how to respond in an emergency. This form lets us call for emergency help and share the information you provide with the people responding. It is not permission for CurioLab to make ongoing medical decisions for your child, and it does not replace a doctor's own consent process.

1. Contacts

Guardian: _____ Phone: _____

Second contact: _____ Phone: _____ Relationship: _____

Adult(s) permitted to make an emergency decision if you cannot be reached: _____

2. Health information (optional but recommended)

Allergies: _____

Current medications: _____

Conditions responders should know about: _____

Preferred hospital or physician, if any: _____

Health insurance, if you wish to provide it: _____

3. Authorizations

& If my child has a medical emergency and I cannot be reached in time, I authorize CurioLab staff to call emergency medical services and to share the information above with responders.

& I authorize CurioLab to arrange emergency transport if responders advise it.

Known limits or objections I want respected (for example, religious or treatment preferences):

4. Understandings

& I understand this form does not transfer general medical decision-making to CurioLab and does not replace a treating provider's own consent process.

& I understand an emergency already underway will be handled according to applicable medical and emergency law.

5. Keeping it current and withdrawing

I will update this form when my child's health information changes. I may withdraw or change it prospectively; a response already underway is governed by applicable law.

6. Signature

Guardian signature: _____ Relationship to child: _____ Date: _____

Annex (for CurioLab / counsel)

- Grant: `emergency\_medical` (required for in-person participation; not a COPPA grant).
- Verification: verified guardian signature; strong identity confirmation prudent though not COPPA-driven.
- Renewal: annually and on any health-information change.
- Retention: limited to safety, incident-response, and any claims period; restrict access to health data.
- Prohibited: any release of liability for negligence; any overbroad delegation of medical authority.
- Open question for counsel: enforceable scope of emergency-treatment authorization for CurioLab's venues, staff, and activities. No general Ohio statute located that makes a nonprofit's generic form dispositive.
